## ***FEE's Global Forest Fund***

***Pay your CO<sub>2</sub> offset via FEE's Global Forest Fund***

## About FEE

*The Foundation for Environmental Education (FEE) is a non-governmental and non-profit organisation aiming to promote sustainable development through environmental education.*

*FEE is mainly active through five environmental education programmes: Blue Flag, Eco-Schools, Young Reporters for the Environment, Learning About Forests, and The Green key.*

*FEE is an international umbrella organisation with one national member organisation per country representing FEE on the national level and in charge of implementing FEE programmes nationally. As of February 2010, FEE has member organisations in 60 countries in Europe, North and South America, Africa, Asia and Oceania.*

**[www.fee-international.org](http://www.fee-international.org)**

## About LEAF

*The vision of the Learning About Forests (LEAF) Programme is to see an increased level of awareness and knowledge about the key role forests play for sustainable life on our planet. The Programme will reflect all the functions forests fulfill for people; cultural, ecological, economical and social. Understanding the balance between those uses is crucial when studying how humans interact with forests. 13 countries are currently actively involved.*

*The overall Programme objectives can be described as follows:*

- 1. Actually experience being in a forest*
- 2. Relate this experience to learning at school*
- 3. Through this experience and understanding of forests, develop an awareness of and respect for forests which will influence future choices and actions*

## FEE 's Global Forest Fund

### **About FEE's Global Forest Fund**

*As FEE is an international organisation working for promoting sustainable development, we have decided to establish a general compensation of the CO<sub>2</sub> emission from all our international flight travels. Persons, companies and institutions outside can contribute to the Fund as well.*

*By using FEE's Global Forest Fund you support tree planting activities in schools involved in the environmental education programmes of FEE (LEAF, YRE and Eco-Schools). Tree planting must be combined with environmental education activities for enhancing childrens' understanding of climate change issues.*

*Schools from countries outside the FEE network can also apply for funding from the CO<sub>2</sub> Fund. Documents with application form and application procedure can be downloaded from the FEE website.*

### **Paying to FEE's Global Forest Fund**

*You can pay compensation of the CO<sub>2</sub> emission from your flights via the FEE website. If you do not know the distance between your city of departure and city of arrival, you can find it via the "Geobytes City Distance Tool" on the FEE's CO<sub>2</sub> webpage.*

*In the FEE Donation Shop you can buy either around 15,000 km for €50 (intercontinental flight) or around 3,000 km for €10 (continental flight). If you wish to see the calculation method, you can find the details on the FEE website.*

#### **CO<sub>2</sub> Compensation example**

From: Paris (France)  
To: Mexico City (Mexico)  
Distance: 9,208 km (5,722 miles)

**Price (one way): €25.12**  
**Total price (return): €50,24**

**You can find FEE's CO<sub>2</sub> offset on:**

**[www.fee-international.org](http://www.fee-international.org)**
